

***Cindy Krebs***

I am a Planner II at BZS and have 21 years of service. I have been a department representative/backup for about 8 years. My union activities include co-chairing the Human Rights Committee and traveling twice to Washington, D.C. to march for workers' rights. I also stepped in and filled a vacant Board seat for one year. Our union is more important now than ever with all that is going on. I am willing to put in the time and energy to do the best for our members and keep them informed about what is happening.
